This letter seeks your cooperation in providing information and documents relating to the contamination present at the Chemtco Site owned and formerly operated by Chemtco, Inc. in Hartford, Illinois (Site or Chemtco Site). This site is contaminated with high levels of hazardous substances which may present a threat to human health or the environment.

We encourage you to give this matter your immediate attention and request that you provide a complete and truthful response to this Information Request and attached questions (Attachment B) within 30 days of your receipt of this letter.

The Illinois Environmental Protection Agency (Illinois EPA) is investigating the release or threat of release of hazardous substances, pollutants, or contaminants at the Site. Illinois EPA is seeking to obtain information concerning the generation, storage, treatment, transportation, and methods used to dispose of such substances that have been, or threaten to be, released from the Site. Illinois EPA will study the effects of these substances on the environment and public health. In addition, Illinois EPA will identify activities, materials, and parties that contributed to
